# MEGGIE CHEN

## FULL STACK WEB DEVELOPER

## ABOUT

I am a Full Stack Developer who recently graduated from the Coding Dojo in Washington, D.C., knowledgeable in Python, M.E.A.N., and Java. I am seeking an opportunity to be a part of a team environment where I can continue my passion for tech and continue to produce applications that clients will love to use.

## PROJECTS

**Travel Buddy (Django):** Web app that allows signed in users to plan, add, and or, remove their own scheduled trips and to join trips planned by other users.

**Technologies Used** – Python, Django, Bootstrap 4, SQLite.

**E-commerce Store (Django):** Web application that implements full login and registration validations, full CRUD methods, session, and admin-user roles. Features allow user(s) to shop vast inventory of items, view their shopping cart, order history, and product recommendations.

**Technologies Used** – Python, Django, Bootstrap 4, MySQL, RESTful.

**Great Ideas (Spring MVC):** A Quora like web app, full Crud methods, 1 to many and many to many relationships, back-end, front-end validations implemented.

**Technologies Used** – Spring MVC, MySQL, Bootstrap 4, RESTful.

## EXPERIENCE

### OPERATIONS MANAGER

**Hua Long Ge**, Oct 2015 – Aug 2018

Developed and maintained an inventory control program for the business which resulted in more consistent inventory of products used while cutting average food cost percentages by over 31% over 3 months. Directed the daily operations of the restaurant; with focus on building sales, directing the team to exceed product quality and preparation standards, excellent customer relations, inventory management, in addition to maintaining team staffing levels, and financial accountability. Interviewed job applicants and evaluated work performance to recommend personnel actions such as hiring, retention, promotion, and dismissal of workers.

### MARKETING SPECIALIST

**Precision P.T.**, Feb 2013 – Oct 2015

Provided patient care by instructing and advancing patients in therapeutic exercise programs and administering appropriate physical modalities as determined by the physical therapist. Performed administrative duties such as taking inventory, ordering supplies, answering telephone, taking messages, filling out forms, scheduling patients, and billing services. Generated social media platforms and relationships by building and negotiating contracts with third party companies and local vendors to increase foot traffic, social media presence, and appointments. Managed deposits and on-hand cash for office openings and closings while producing monthly sales and inventory reports.

### ACCOUNTS MANAGER

**State Farm Insurance**, May 2009– Feb 2013

Interacted with over 15 clients a week with issues including processing payments, contacting companies regarding audit and endorsement discrepancies and navigating challenging client accounts through goal-oriented action plans. Attended high-volume phone calls and demonstrated strong customer service relations while assisting clients with various needs in health, personal, commercial, and life insurance. Worked directly with underwriters to maintain high customer satisfaction and contract completion rates. Effectively lead team in creation of new policies(sale) resulting in our office being recognized for reaching the Top 10 State Farm Offices in the district.
